Cookie Statement

Effective Date: June 5th, 2019

In this statement, you will find information about what cookies are, how we use cookies and how to reject or delete those cookies. By using this site, you agree to our use of cookies as described in this notice.

What cookies are and how we use them

A cookie is a small file of letters and numbers that is stored on your device when you visit a website and contains information that is transferred to your computer. This information is sent back to the website on each subsequent visit, or to another website that recognizes that cookie.

Our website uses cookies to distinguish your device from other visitors' devices. This helps us to provide you with a better online experience, for example, by remembering your preferences, and also allows us to improve the site, for example, by measuring site visits and by ensuring that visitors easily find what they are looking for.

We also use cookies for other purposes, including:

- to remember visitors' preferences; and
- to collect information about how visitors use our website, for example, which pages are visited and the duration of the visit.

We will also use cookies where they are necessary to provide a service or a product you have requested, for example, so that you can access secure areas of our website. Some of the cookies we use are essential for parts of our site to operate. You may delete and block all cookies from this site, but that may result in parts of the site not working as intended.

Previous visits to Intratec websites

If you have previously visited Intratec website, it is likely that cookies were placed on your computer at that time. We use the cookies previously placed for similar or the same purposes.

To delete cookies that we previously placed, follow the instructions in the section "Opting-out."

Opting-out

At any time you can delete and block all cookies from this site. You can delete cookies in most web browsers and you should be able to block cookies by activating the feature on your browser that allows you to refuse the setting of some or all cookies. The "help" screen in your browser or computer user manual should tell you how to do this.

To find out more about cookies, including how to see what cookies have been set and how to manage and delete them, visit www.allaboutcookies.org.
