

# Privacy & Security

Effective Date: June 5<sup>th</sup>, 2019

## Intratec Solutions is committed to protecting your privacy.

We are providing this statement to inform you of our Privacy & Security policy and practices, including the choices you can make about the way your information is collected online and how it is used.

## Types of Information We Collect

This Privacy & Security statement covers personal information, non-personal data collection, and aggregate reporting.

- Personal information is information that is associated with your name or personal identity. On some pages within our websites, you can request information. The types of personal information you provide to us on these pages may include name, address, phone number, email address, user IDs and passwords and contact preferences.
- Non-personal information is data about usage and service operation that is not associated with a specific personal identity. Intratec collects and analyzes non-personal information to evaluate how visitors use the Intratec websites. Non-personal data we collect may include the pages visited on the Intratec websites, unique URLs visited within www.intratec.com, browser type, and IP address. Most non-personal data is collected via cookies or other analysis technologies. Intratec's web pages use cookies, web beacons, and other technologies for data analysis and personalization services.

## How We Use Your Information

Personal data collected online may be combined with information you provide to Intratec through other sources, such as product registration, or public events such as tradeshow or seminars. Personal data given to Intratec may be transferred across state and country borders for the purposes of data consolidation, storage, and simplified customer information management.

Non-personal data gathered from Intratec's websites is aggregated for reporting about usability, performance, and effectiveness. It is used to improve the customer experience, usability, and site content.

Once you choose to provide Intratec with personal information, we will use the information to better understand your needs and interests and to better serve you with respect to Intratec products and services. Intratec may also notify you of updates to www.intratec.us and of special events or new product offerings that Intratec or its business partners may introduce. These may be in the form of emails or postal mailings. Intratec allows you to opt out of certain uses of your information-when you initially provide it or at a later date if desired.

## Who We Share Your Information With

Intratec will not sell, rent, or lease your personal information to others. Intratec will not share your personal information with third parties. Information submitted to us is only available to our employees managing this information for purposes of contacting you or sending you emails based on your request for information.
